

**PVC DUCT
Y BRANCH
(TELECOMMUNICATIONS)**

EF450-003 (Rev2)

General

Emtelle Y Branches are manufactured from a solid wall PVC duct and are used for breaking and branching where multiple cables are inserted in a single duct.

Sizes are 53.9mm OD, 96.5mm OD and 110mm OD with interference fit socket joints.

Other sizes may be available upon request.

Y branches are usually double socketed as shown in the picture above.

Y Branches are supplied in non-returnable woven polypropylene sacks, which are biodegradable. The sacks are designed to be stored on an even, dry and stable area; they are not to be stacked upon.

Physical Characteristics

Raw Materials are PVC resin and other additives suitable for the required properties of the finished product.

Standard colours are Green, Grey and White.

Other colours may be available upon request.
