

FibreFlow™

 Product Title **Square Side Termination Box**

Product Code 4604, 70403

Product Description

The Sid surface box is designed for terminating of telecommunications caballing and has a unique side-opening lid allowing for close abutment to adjacent walls.

Design Characteristics

The lid is held in position with four robust retaining clips and a fully flexible hinge, which allows the lid to completely fold back on its self, for easy access, and reducing the risk of pedestrian injury.

The box has no external ribs for snug fit of paving slabs and the back incorporates a slide out section (no drilling required) to enable easy cable entry, with an optional galvanised detector plate, and can be bagged and used for several other utilities.

Material/ Technical characteristics

Manufactured from recycled polypropylene it will withstand hot rolled asphalt

Dimensions

130mm x 140mm x 75mm Depth

Test requirements

as per ISO 306A BS2782/102A

ASTM D 1525 - 87

Load Tested to Grade B as required in BS 5834 Part 2 1983

Emtelle Code	Description
4604	CATV printed
70403	Unprinted

Packaging And Labelling

50 per bag / up to 1000 on a pallet.

All products suitably packaged in recyclable materials and clearly labelled with Emtelle Product Code and Description where possible.
