

PVC DUCT ENDCAPS & INSERTS

EF450-005 ^(Rev2)

General

Ementelle Endcaps & Inserts provide a means of temporary sealing of duct systems during construction to prevent the ingress of dirt and surface water.

The application areas covered within this document are: Telecommunications, Power, General Purpose and Underground Drainage.

Size ranges from 53.9mm to 200mm OD with interference fit joints. Endcaps fit over the spigot ends of ducts whilst Inserts fit inside the spigot ends of ducts.

Other sizes may be available upon request.

Endcaps & Inserts are supplied in non-returnable woven polypropylene sacks, which are biodegradable. The sacks are designed to be stored on an even, dry and stable area; they are not to be stacked upon.

Physical Characteristics

Standard colours are Black, Green, Natural, Red and Yellow.

Other colours may be available upon request.
